Pepling, Scott Pitnick, Ramesh Raina, Surabhi Raina, Julia Snyder, Roy D. Welch, Michele G. Wheatly, and Jason R. Wiles

The minor in biology is an optional program of study that may be taken in addition to the recognized majors in the College. The minor may be appropriate for students wishing to augment majors such as psychology, engineering, chemistry, and illustration with a biological component.

Minor Requirements

Code	Title	Credits
Core Courses		
Biology minors must complete:		
BIO 121	General Biology I	3
BIO 123	General Biology II	3
BIO 124	General Biology II Laboratory	1
Students with 8 credits of Advanced Placement may omit the General Biology courses BIO 121 and BIO 123/124.		
Upper-Division Courses		
The minor requires, in addition to the completion of 8 credits of the core curriculum, 12 credits of 300-500-level Biology courses. Students with accepted AP credits must take 15 credits of 300-500-level Biology courses. By approval through petition to the Biology Department, a maximum of 6 credits of 300-500-level courses related to Biology from other departments may be included as part of the elective requirement.		12-15
Total Credits		19-22
