

ACCOUNTING MINOR

The Whitman School offers several minors, allowing students to pursue either general management studies or a more specialized program that provides in-depth study in one area of management. A minor in management (<https://coursecatalog.syracuse.edu/undergraduate/management/>) can help students learn about subjects that contribute to success in business, not-for-profit and government organizations. Knowledge in management is seen as beneficial by many prospective employers.

Minor Requirements

Code	Title	Credits
ACC 151	Introduction to Financial Accounting	4
